

GERMANY NOTIFIES NATIONS

Must Keep Hands Off Turkish Possessions in Asia.

BASSADOR TALKS AT DINNER

in Honor of the Birthday of Emperor William.

FUTURE OF TURKEY LIES IN ASIA MINOR.

Such Possessions Germany Will Attach the 'Hands Off' Label

of Powers Promised Turkey Aid in Future Development.

London, Jan. 29.—The text of the note handed by the German delegates to Rehad Pasha today was as follows: "The plenipotentiaries of the United Balkan states, having received the suspension of the work of the peace conference waited in vain for three weeks a reply of the Ottoman plenipotentiaries to their last demands, and events which have occurred in Constantinople appearing today, destroyed hope of arriving at the conclusion of peace, and to their great regret obliged to declare that the peace negotiations commenced in London on December 16, last, have broken off."

The note, it will be observed, does not denounce the armistice. This will devolve on the governments of the Balkan states when they consider the movement opportune.

Constantinople, Jan. 29.—"Hands off the Turkish possessions in Asia," was Germany's pointed notification today to everyone concerned. It was given by the German ambassador to Turkey in the course of a speech at the Teutonia club's annual dinner in honor of Emperor William's birthday.

The future of Turkey lies in Asia Minor," Baron Hans von Wangenheim told an enthusiastic gathering of his compatriots. He continued: "The German interests in Asia Minor are very great and are bound with those of Turkey. The result of the European powers' misadventure that Turkey would be aided in her future development. In any case, however, to all the Turkish possessions in Asia, Germany will attach the label 'touch me not'."

London, Jan. 29.—The note drafted by the peace delegates of the allies was delivered by Stojan Novakovich, head of the Serbian delegation, to Rehad Pasha shortly after noon today.

The determining factor impelling allies to this course of action is the receipt of reports during the night and again this morning of the Turkish army's advance on the Tchaikajia front, a large portion of whom appear to be unwilling to follow the lead of the Young Turks.

It is considered here that in view of the international complications in Turkey Mahmoud Shekfat Pasha, the grand vizier may yield before the energetic act of the allies.

The gravity of the situation at Constantinople is shown by the large number of forces concentrated by the European powers at the entrance to the Dardanelles. Even Austria has sent troops to the Balkans, and is ready to join the other powers in any coercive measures now ordered to start for the east at any moment.

While the clouds are gathering over Constantinople the astronomical peace firmament considered at the general peace of Europe is longer in danger. As a proof of this they point out that Italy has disbanded an army of 100,000 soldiers who served in Tripoli.

Rehad Pasha this morning expressed the hope that the powers allying the 'unfair treatment' which has been afflicted on Turkey, would help the Porte to surmount its present difficulties, "thus ensuring a definite political and economic

settlement of the whole eastern problem."

Several members of the Bulgarian peace commission left London today, including T. Theodoroff, the Bulgarian minister of finance and Lieutenant Tzanoff, a graduate of Harvard, who has been acting as an attaché who is returning to join his regiment.

Important Concession Expected.

Constantinople, Jan. 29.—Important concessions will, it is expected, be made by Turkey in her reply to the joint note of the European powers. The response will be handed to Margrave Johann De Pallavicini, Austro-Hungarian ambassador to Turkey, as dean of the diplomatic corps here, either this evening or tomorrow morning.

The basis of the solution proposed by Turkey is said to be different from any yet mooted.

CHIEF OF POLICE WAS EXONERATED.

Canton, O., Jan. 29.—Chief of Police H. W. Smith today was exonerated by the special commission which heard charges against him. The commission finds that Smith has not been an habitual drunkard, did not accept "protection" money and did not visit immoral houses except in line with the duties of his office.

The commission gives the chief a clean bill in all the charges concluding: "We find that specifications one to fourteen have not been sustained. We therefore order that H. W. Smith at once be reinstated chief of police of Canton."

SANDLES TELLS HOW TO KEEP THE BOYS.

Columbus, O., Jan. 29.—"You can't keep the boys on the farm without the girl."

This is the belief of A. P. Sandles, ex-state board of agriculture and he is going to do his best to interest girls in farm life. He now has a plan which he believes will be an inducement to the farmers' daughters to remain in the rural districts instead of joining the army that is rushing for the electric lighted cities.

A free trip to Washington will be offered farm girls who will make the best showing in raising flowers and crops during the coming summer. This contest, the details of which have not yet been formulated, will be conducted in conjunction with the corn growers' contest for boys. It is expected that many girls will enter the corn-growing contest and compete with the boys.

SUFFRAGETS GO TO PRISON

Mrs. Drummond Complains She Was Thrown Into Mud.

POLICEMEN WERE OVER STRENUOUS.

Women Refused Option of Paying Fine to Going to Prison.

London, Jan. 29.—"General" Mrs. Drummond and thirty other militant suffragettes will spend the next fourteen days in jail as the result of their determination to force David Lloyd-George, chancellor of the exchequer, to receive them as a deputation in the house of commons last evening. All the prisoners declared in court after they were sentenced today that they would immediately start a "hunger strike."

The accused women were brought up at Bow street police court before Robert Marshall, police magistrate, and the same sentence was imposed on all of them.

Mrs. Drummond complained during the hearing that the police had handled her roughly when she was arrested. She declared the patrolmen had thrown her in the mud.

"It is now war to the knife," she told the magistrate, and continued: "You and Mr. Lloyd-George have a lot of trouble ahead of you. You will have to do the dirty work and you will have plenty of it."

The women all refused the option which was offered them of paying a fine instead of going to prison.

WOULD BE NICE FOR CIVIL WAR OFFICERS

Washington, Jan. 29.—The Townsend bill to place on the retired list of the army all Union officers in the Civil war, at three-fourths the pay they were receiving when mustered out, will be considered tomorrow by the senate military affairs committee. A substitute bill by Senator Sanders was voted down by the committee at its last meeting and the members are evenly divided on the Townsend bill. Friends of the measure hope to have it ordered favorably reported by the committee.

DEMOCRATS ELECT ANOTHER SENATOR.

Dover, Del., Jan. 29.—Willard Saulsbury, a democrat, was elected United States senator by the Delaware legislature today succeeding Senator Richardson, republican.

Dover, Del., Jan. 29.—Mr. Saulsbury's election came after a democratic deadlock which had lasted a week and was the result of a conference held last night by the four members of the legislature who had held out against supporting the democratic caucus nominee because they wanted the United States senatorship to go to their home county.

When the ninth joint ballot was taken today three of the four yielded to the party leaders and voted for Mr. Saulsbury giving him 27 votes, just the necessary number to elect. Then the fourth member changed his vote from James H. Hughes to Saulsbury. The republican vote, as heretofore, was scattered.

THREATENS EVANGELIST

Toledo Woman Sends Singular Letter to Rev. Billy Sunday.

WOULD PUT GUN UNDER HIS NOSE

And Make Him Pay to Her Some of His Ready Cash.

Columbus, O., Jan. 29.—A somewhat rambling letter signed by a Toledo woman who says that she is a nurse, in which the life of Rev. Billy Sunday is threatened, will be turned over to the post office inspectors this afternoon by E. A. Ackley, the evangelist's secretary.

The note, written on a good grade of stationery and in a good hand, was mailed in Toledo, January 26, at 9:30 a. m. The evangelist will ask the post office department to investigate.

"It is the first mailed threat I have received since I have been in Columbus," he said today when shown the note. "But I have gotten used to those things in the last 15 years."

The first nine pages of the letter are devoted to abuse of the evangelist's methods in which the writer, who signs her alleged name, but who neglects to give a street address, declares that she was a nurse when Rev. Mr. Sunday came to Toledo two years ago, but that he "ruined her business."

"I have had enough," she declares. "For two cents I would come to Columbus and put a gun under your nose and make you pay a little of your cash as a punishment for ruining my business and reputation—or your gossipping crew trying to. My soul is as pure as your's ever dare be, and I am not afraid to die and was not at the time of your meetings."

She closed with a request for a joint debate declaring that she could pick his arguments to pieces and not half try.

DECIDED OFFICE WAS NOT ABOLISHED.

Columbus, O., Jan. 29.—Offices of justice of the peace are not abolished under the new judicial amendment to the constitution, according to a decision handed down today by the supreme court.

In designating the courts of the state, the new amendment failed to mention the office of justice of the peace, and the question arose as to whether that office was thereby abolished.

To secure an interpretation of the new amendment, Justice Oscar Redding of Toledo, refused to issue a warrant as a justice of the peace Henry Godman, also of Toledo, brought an action in mandamus against Redding, to compel him to issue the warrant. The supreme court today ordered Redding to issue the warrant.

NUMBER OF SALOONS HAS INCREASED.

Columbus, O., Jan. 29.—Cuyahoga county has more saloons now than a year ago. The liquor tax the county will pay the state for the past six months shows this. State Treasurer Bevin today drew upon the county for \$22,542.93, the amount due. A year ago the county paid \$207,188.53. Its payment of six months ago was \$223,945.02. These payments are made semi-annually.

GOVERNMENT IS DOLLARS AHEAD.

Washington, Jan. 29.—The United States is \$10,861 richer today through the carelessness of people who neglected to place return addresses on mail.

The annual "dead letter sale" netted that sum. An unmounted diamond of more than 3 carats went for \$355. Articles of every description were sold after being displayed to buyers, the lottery feature of selling the parcels unopened having been eliminated.

GOVERNOR PROPOSES ITS CURE

Special Message is Sent Today to the General Assembly

TOUCHING SUPREME COURT'S DECISION

Rendered Yesterday Upon the Smith One Per Cent Tax Law.

ASKS ASSEMBLY TO PASS LEGISLATION

That Will Cure the Defects in the New Law as It Exists.

Wants Action Taken Speedily to Become Effective March 1st.

Columbus, O., Jan. 29.—Governor Cox sent a special message to the legislature this afternoon calling attention to the supreme court decision yesterday in practically nullifying the Smith 1 per cent law. The governor urges the legislature to enact legislation that will cure the defects in the law and urges that it be made operative prior to March 1, when the new city budgets go into effect.

The governor in his message said: To the General Assembly:

Pursuant to the duty imposed upon the executive by the constitution with respect to communicating information on 'The Condition of the State,' I respectfully call your attention to a condition developed by a decision of the supreme court of Ohio, rendered January 28th, 1913.

It is held by that honorable body, and there is widespread opinion that the interpretation is sound, that the intent and sinking fund charges do not come within the proscribed maxima, as the act is drawn.

This violates the basic principle of the law, creates a breach in the limitation, and trespasses on the fixed purpose of the people to establish a base of economy in government.

Present valuations on property were made with a common understanding of the maximum rate of taxation, and any action in departure from this, although made possible by the decision of the court, might be regarded as bad faith upon the part of the state.

The Smith law may have to be refined by experience, but there will remain nothing to refine, if its emasculating stands without legislative repair.

The budget commission meet the first Monday in June. Whatever action your honorable body might in its wisdom take, should ensue by March 1, in order that it become effective before the date fixed by statute for the beginning of the budget labors.

Respectfully,
JAMES M. COX, Governor.

POSTOFFICE WAS BURGLARIZED.

Fayette, O., Jan. 29.—For the third time in as many years the post office here was entered by burglars last night and the safe blown open. Stamps to the value of \$600 were stolen and the robbers escaped.

The burglary was not discovered until Postmaster C. E. Humphrey went to the office this morning.

The sheriff at Wauseon was notified and word was sent to the police of nearby towns and cities, including Toledo. Previous robberies of the post office occurred November 12, 1910, and May 2, 1911.

FOREIGN COMMERCE LARGE LAST YEAR.

Washington, Jan. 29.—The year 1912 was one of prosperity for the United States insofar as foreign commerce is concerned, according to figures made public today by the bureau of foreign and domestic commerce. The imports for that year totaled \$1,818,133,355 as compared with \$1,532,359,160 for the corresponding period of 1911. These were balanced by increases, also, in the exports, which in 1912 showed an increase to \$2,399,317,993 from \$2,092,526,746 in the year previous.

KNEELING IN PRAYER WHEN SPIRIT FLED.

Chicago, Jan. 29.—While kneeling in prayer in her pew at the Holy Name cathedral today at early mass, Mrs. Kate Corby sank to the floor dead. She was supposed to be in good health when she left her home with her daughter a short while before.

Mrs. Corby, who was about 65 years of age, was the mother of Francis N. Corby, a board of trade operator.

WILL REPORT GOEKE BILL

Which Contemplates Adoption of Compulsory Deposit Law.

FORTY MILLIONS IN INTEREST LOST

To Government on Its Idle Funds Within Past Ten Years.

Washington, Jan. 29.—A loss of \$40,000,000 that the government might have received in interest on idle funds in the treasury since 1905 and a much greater loss on funds deposited without interest in the national banks, will be described in a report soon to be made to the house (favoring the adoption of the Goetze bill for a compulsory deposit law).

Figures will show, according to members of the house committee on expenditures in the treasury department, that the government might earn from \$2,000,000 to \$3,000,000 a year on its idle cash. The proposed law would compel banks to bid for deposits, would limit the amount any bank might receive, and compel all banks to pay interest in government deposits.

The report of the committee is expected to show that under a two per cent interest law the government could have earned nearly \$150,000,000 since 1886 on idle funds in the treasury and money deposited in national banks.

CAPITAL WILL BE VISION OF LIGHT.

Washington, Jan. 29.—When the shades of evening are falling March 4 and the tail-end of the footsores inaugural parade is crawling painfully along Pennsylvania avenue, that historic thoroughfare will burst into a blaze of light such as never before has been seen in this country.

Such is the announcement made today by the inaugural committee, which declares that 10,000 incandescent lamps will be added to the lights now installed, while from the capitol to the treasury building powerful searchlights will sweep the broad thoroughfare. This burst of electricity, say the managers, will make the capital of the United States the most brilliantly lighted city in the world.

UNIFORM LAW FOR OHIO'S COUNTY FAIRS

Columbus, O., Jan. 29.—A uniform law governing the management of county fairs is said to be one of the probable results of the present session of the legislature. At the present time it is said that no two county fairs are conducted upon the same policy.

Impetus was given the proposal today from Pike county when Secretary A. P. Sandles, of the state board of agriculture, received communications favoring a compulsory uniform plan. Mr. Sandles favors the passage of such a law and says he expects a bill covering the proposal to be introduced in the legislature soon.

"The people at large do not have enough to say regarding the government of county fairs," said Mr. Sandles. "I think it is time the people were getting together on the proposition of uniform laws governing the subject. It would mean better fairs."

CONGRESS WILL PASS LIABILITY MEASURE.

Washington, Jan. 29.—The house judiciary committee today voted unanimously to take up the workmen's compensation and employers' liability act next Saturday and dispose of it before adjournment on that day. The measure has passed the senate.

EXPLOSION BILLOW UP GENERAL STORE.

Berea, O., Jan. 29.—An explosion believed to be the result of a feud, this morning destroyed William Zachary's general store here with a loss of \$15,000. Zachary and his wife had narrow escapes from injury. They were asleep in an upstairs room when the explosion occurred and leaped twenty feet to the ground to escape flames that had destroyed the staircase.

Zachary's brother Mike was killed New Year's night as the result of a feud. He aided the police in rounding up the men charged with Mike's murder, and declared today that he believes the explosion was executed by friends of the alleged guilty men.

It is believed that the explosion was caused by a dynamite charge.

COMMISSION WILL PROBE 'PHONE CO.

Washington, Jan. 29.—The interstate commerce commission today issued the formal order for the inquiry into the affairs of the American Telephone and Telegraph company. The investigation recently was transferred to the commission from the department of justice by Attorney General Wickersham.

The commission has not yet set dates or places for the hearings.

TAFI WOULD PLAY PARTY POLITICS.

Washington, Jan. 29.—A little question of presidential courtesy came to bother President Taft today when Senator Thomas F. McLean, speaker of the lower house of the New Jersey legislature, to be United States attorney for the state. The present incumbent, John R. Vreeland, wishes to retire and the New Jersey republicans want McLean named. The president would like to leave the appointment to President-elect Wilson, since it is a New Jersey vacancy, but he announced unofficially some time ago that he believed it was his duty to make an effort to fill such positions.

WOULD END DEPENDENCE

Upon American Manufacturers for Implements of Agriculture.

RUSSIAN EFFORT TO MAKE TOOLS

May Reduce Largely American Exports of Those Articles.

St. Petersburg, Jan. 29.—An extensive series of experiments with agricultural implements was carried out by the Russian department of agriculture during the season of 1912 with a view to putting an end to the dependence of Russia on American manufacturers. Over 100 reapers, mowers, hay rakes and other implements manufactured in Canada and various European countries were put to work under the supervision of officials of the department.

A considerable number of these implements, according to an official report issued today, successfully stood the tests under varied and difficult conditions—notably those coming from Canada—and it is stated that they can be manufactured equally as well in Russia.

The department of agriculture is sending out copies all over the country, as the Russian farmers are largely supplied through these sources. The government hopes to induce agriculturalists to substitute other implements for the American machines generally in use. Seventy-two per cent of the business in this kind of machinery is now in the hands of American manufacturers.

FAMOUS PAINTING RUINED BY MANIAC.

Moscow, Russia, Jan. 29.—An insane painter named Balasheff, today entered the Tretyakoff art gallery and slashed in pieces with a knife the famous painting by Repine representing Ivan the Terrible murdering his son with an iron staff.

Balasheff, a wealthy man, is apparently suffering from religious mania.

WANTS CONGRESS TO INVESTIGATE.

Columbus, O., Jan. 29.—A resolution asking congress to investigate the recent arrest of Eugene V. Debs and the arrest of the editor of the Boise Capital-News was introduced in the senate Wednesday afternoon by Senator Frank Hillenkamp, of Toledo. The resolution recites that underlying the arrest is a desire to abridge the right of free speech in the United States. The resolution will be up for consideration tomorrow.

The senate adopted a resolution honoring the memory of William McKinley.

JUDGE BLAIR HAS EVOLVED LICENSE PLAN

Which He Has Submitted to Governor Cox for Approval.

PROVIDES STATE LICENSE BOARD

Composed of Three Members Appointed by the Governor.

WAYNE WHEELER DOES NOT APPROVE.

Sub-Committee Composed of Seven Members Will Prepare Code.

Representatives of Both Sides to be Called Before Committee.

Columbus, O., Jan. 29.—Senator Greenlund, of Cleveland, chairman of the joint house and senate temperance committee, and Representative Smith Welsh, of Ottawa county, will appoint a sub-committee, to consist of four members of the house and three of the senate, to draft a so-called middle-of-the-road liquor license code.

Such a plan was decided upon today at a meeting of the joint temperance committee held in the senate chamber. Representatives of both the "wets" and the "drys" will be called before the sub-committee and asked to give their opinions upon what provisions should be drafted into the bill. The sub-committee will then report to the joint committee, and the joint committee to the house.

Senator Greenlund and Representative Welsh will be members of the sub-committee which will draft the bill. Neither chairman was ready to announce his sub-committee appointments today.

Judge Blair's License Plan.

Governor James M. Cox today made public a liquor license plan submitted by Judge A. Z. Blair, of Portsmouth, Ohio, which differs little from the bill initiated by the "wets" except that it makes the task of procuring a license more difficult.

The judge in drawing his proposal has followed the plan favored by Governor Cox. He provides for a state license board composed of three members to be appointed by the governor and three county license commissioners to be selected by the state board.

The license proposal has been drawn in the form of a bill but the governor said that no arrangements had been made to introduce the bill in the legislature. He added that he had not had time to study Judge Blair's plan. Judge Blair is an active anti-saloon man.

Wheeler Don't Like It.

Superintendent Wheeler, of the Ohio Anti-Saloon League, however, declared that Judge Blair's license plan does not meet with the approval of that organization.

Will Investigate Mills.

Preparations for the investigation of the state mills, authorized in a bill recently passed by the legislature, were begun today by the special committee appointed yesterday.

The committee accepted the offer of Auditor of State Donahay, placing at its disposal the examiners and accountants of the auditor's office. This will obviate the necessity of employing special accountants. All meetings of the committee will be held in the auditor's office.

Senator T. M. Gregory, of Hamilton, by appointment, Representative O. T. Thatcher, of Clinton county, was selected secretary.

Providing for the appointment by city councils of a defender for police courts to defend criminals as well as to prosecute them, the bill of Representative R. R. Reynolds, of Franklin county, was reported out favorably today by the house judiciary committee. The bill by Representative Morris, increasing the pay of jurors from \$2 to \$3 per day, also was voted out favorably.

The cities committee voted to report out favorably the bill by Representative Carroll of Franklin county, prohibiting the carrying of fire-arms, except with the written permission of the common pleas court. Dealers in such weapons, selling to persons who do not exhibit such permits, are to report to the court the names of such purchasers.

Negro Couple Failed to Appear for Hearing Before Mayor.

OFFICER ATTACKED
BY NEGRO PORTER.

Two Repeaters Given Maximum Fine in Police Court This Morning.

Compared to the busy day yesterday, police station was an unusually quiet place today. Little business of an official nature being transacted. Five men charged with drunkenness were arraigned before the mayor this morning and sentenced to pay fines.

Arthur Buck, a negro porter, and Mary Lee, a waitress, forfeited bonds of \$10 each for their failure to appear for hearing before the mayor at 9 o'clock on a charge of disorderly conduct. The couple were arrested at 212 South Central avenue last night by Patrolmen Harrison and Bluff, and lodged in the city prison. The couple, the colored saloon keeper, put up bond for their release late last night, which was declared forfeited by the mayor when they failed to appear.

Negro Attacked Officer.
Detective Stewart had to call into his men to subdue Walter Bird, a negro porter, who resisted the efforts of the officer to place him under arrest at the Ike Boone saloon last evening. Boone claimed that Bird tried to leave the saloon without paying for his supper, and called for police assistance.

Bird was finally subdued after he made several ineffectual efforts to strike the police officer, and was taken a prisoner behind the back of the city prison.

He pleaded guilty to drunkenness and disorderly conduct before Mayor Shook this morning, and was fined \$5 and costs.

Repeaters Fined.
Two offenders who have been in Mayor Shook's court before were arraigned again before him this morning for drunkenness, having been arrested during the night. They were G. A. Meyers and William Christy. The usual penalty of \$5 and costs was administered. Charles Beck, arraigned for the first time this morning, drew \$1 and costs.

Ellis Island Moves Two Miles North to Receive Uranium's Passengers.

Figuratively, Ellis Island was moved north to the Grand Central Station when the third-class passengers from the stranded steamship Uranium arrived in New York recently. The huge terminal was transformed for a few hours into a confused and noisy immigration station.

Special trains brought the prospective American citizens to New York, where the examinations were made as brief and speedy as possible. Of the 886 passengers aboard the Uranium when that vessel ran on a reef in Shoal Cove, near Halifax, more than half the number were receiving their first impressions of the country which was to be their home. So little confusion and excitement attended the grounding of the ship that most of the immigrants believed that they were being landed in the usual way. The photograph shows a group of the new arrivals taking their first view of Forty-second street.

Bigelow Takes Some Hot Shots at Republican Bosses.

Columbus, O., Jan. 26.—Consideration of the short ballot bill introduced by Representative Young, of Cleveland, led to an acrimonious debate in the house which was participated in by Representatives Cappell of Cincinnati, republican, and Herbert S. Bigelow, democrat. Cappell declared that the short ballot was the method of the political boss and he intimated that in throwing overboard the leadership he now occupies in that he had been selected by vote of the people. He attacked Cox's personal character and

and other blooded stock should not be exempted from taxation, Senators Weygant and Wieser today voted the bill of Senator Beman providing for such exemptions at a meeting of the senate agriculture committee. However, the bill was reported out favorably. By exempting such stock, Senator Beman believes that more thoroughbred stock would be raised in Ohio.

A wolf scalp fund started by the farmers of Windham township, Portage county, in 1828, will be transferred to the building trustees of the board of education of that township. If a bill introduced today by Senator Weygant is passed.

There is now \$728 in the fund which will be used for the building of a new school house if the bill becomes a law. The interest on the fund has gone to the school board.

Columbus, O., Jan. 29.—The Gregory bill providing for separate ballot for presidential electors passed the senate this afternoon. Senator Broadhouse cast the only dissenting vote.

The house committee on roads today reported out the Hile bill authorizing employment of prison labor in road construction with unanimous recommendations for passage.

WILL PUT ON LITTLE PLAY

St. John's Dramatic Club to Give Four-Act Piece Next Monday.

'DOWN IN MAINE' IS SUBJECT OF PLAY.

Rev. Father Alter and A. M. Finck Are Training Players.

St. John's Dramatic club of St. John's Catholic parish will put on "Down in Maine," a domestic drama in four acts, for the benefit of St. John's new church at the Fairport opera house, Monday, February 3, matinee and night. The prices for admission have been set at 10 and 25 cents for the matinee, and 25, 50 and 50 cents for the evening performance.

"Down in Maine" is the story of a boy of interest to everybody. It very much resembles "Shore Acres" in the plot. There are four acts, all calculated to please. The farm in June, the picnic in the woods, the old sitting room and the day before Christmas are all vividly portrayed.

John Elm will take the part of the old farmer, A. Wilker, will play "Ralph," the millionaire brother of the farmer. The young inventor will be played by William Daly and Fingle, the old fisherman, will be enacted by Max Falk, Jr. T. Quinlan, as the hired man, and J. J. Malloy, as the lawyer, R. Burger as the fresh air kid and Ray Watt as the stuttering lover, will complete the male parts. Miss Evelyn Miller will take the leading female role, being the millionaire's daughter. Miss Helen Beck takes the part of the farmer's wife, Miss Bertha Falk the role of Keziah, "forty-three and desperate," and Miss Margaret Hyland, will be Bersey Tomps, wife of the hired man.

Outside of the little play, which promises to be well staged and equipped with special scenery to successfully carry out the interpretation of the piece, there will be several musical hits. "Brooks' Triumphant March" will be given by I. F. Veltz; August Kerker will give a selection from "Two Little Brides;" Theodore Bendix will recite a Hungarian episode, and Harry Christen will interpret a laughing love march.

Judging by the inquiries and the sale of tickets, the house will be sold out for both the afternoon and evening performance. Rev. Father Alter of St. John's church, is training the young people, being assisted by Mr. A. M. Finck, who has so successfully trained the amateur actors upon previous occasions.

NO STRIKERS ARE VISIBLE

Orders Issued by Their Leaders to Keep in Doors.

STREETS PATROLLED DURING THE NIGHT

By Armed Men to Prevent any Further Demonstration.

Pittsburg, Pa., Jan. 29.—Quiet prevailed this morning at the Rankin plant of the American Steel and Wire company where last night one man was killed and a dozen wounded in a fight between mill guards and strikers. The streets around the mills were patrolled by armed men, but not a striker was in sight, orders having been issued by their leaders early today for them to remain indoors. Sheriff Judd Druff took charge of the situation and was prepared to place a large force of deputies on guard should the company ask for protection. All of the men and women wounded last night were reported as somewhat improved. Chief of Police Barnett was

notified that several of the guards on duty at the mill during the night had disappeared, and it was feared they had been captured by strike sympathizers. An investigation was ordered.

HIGH SCHOOL BOYS TO GIVE FINE PLAY.

As its title indicates, "Half-Back Sandy," a play of the college gridiron, will be put on by male members of the Lima high school at the school auditorium, Thursday and Friday evening, February 13 and 14. The proceeds will go to the athletic fund. Teachers of the high school are training the participants.

Taking part in the main roles of the production are Clayton Pfeiffer, Virgil Sheets, Lester Barler, Russell Farrell, Fred Thorpe, Elliott Miller, Harry Fetter, Neal Lora, Everett Rogers, Russell Bressler, Herman Chapman, Raymond Moore and Ralph Tarbuton.

The play has the dash and enthusiasm characteristic of the football field and will be interesting from start until the finish.

ADA SWIPED LIMA SCALP

Company G Team From There Took White Stars Into Camp.

MUSCHER PLAYED SENSATIONAL GAME

Lima Had Lead in the First Half but Were Unable to Hold On.

In a game that was hard fought from the very start, the Lima White Stars last evening went down to defeat at the hands of their old rivals, the Company G team from Ada. For a past many years a great deal of rivalry has existed between these teams, and it seemed that all was imminent in the contest last night. The first part seemed to be for Lima; and the enthusiastic audience felt that the Lima boys would finish with laurels. The scores were later reversed, however, before the final whistle sounded. Ada bunch were on top to stay. In the second half the playing of

the Lima team became a little loser, and before a long time had elapsed the Ada team work began to take a crimp in the local sails. The Lima boys throughout had very hard luck in finding the baskets. The weather, or something of the kind had warped their basket eye, and though at first their shots were plentiful, the great majority went wild and failed to tally.

It was all Lima's game, nevertheless, during the first period. The Stars were all over the floor, and played the guardsmen to a finish. The guarding was fine, and there were but few shots given to them. In passing as in getting away with the sphere and in evading their opponents the Lima bunch were supreme, and Ada was lost. At the end of this period Lima held the heavier side of the score by the tune of 19 to 9.

In the second spasm the Lima team seemed to lose confidence in themselves, and the Ada aggregation soon had things their own way. The Lima guarding became more ragged as the efforts to recover the ball and get it near the goal were increased. This gave the opponents the desired opening, and in no time they had begun to rain scores. The Lima team became desperate, and tried every kind of tactics. In the middle of the half a change of men and positions was resorted to by Coach Barr, with the hope that he might encourage his proteges. This change on the contrary seemed to make them more nervous, and little was accomplished. However these things may have been, the game was decidedly the best and the most interesting that the Lima people have been given an

opportunity to witness. There was not a slow minute, and throughout the spectators were on their very toes, wild with enthusiasm. The shouts and cheers could be heard far beyond the confines of the Auditorium. They were good losers, however, as were all the members of the team, realizing that they had seen a contest of the first quality. The work of Larry Barr as coach of the White Star team is already becoming evident, as the team is constantly improving.

FOUND CIGARETTE; DAMAGE ABOUT \$400

Chicago, Jan. 29.—Four-year-old Johnny Washburn was a naughty boy today and his mother locked him in a closet to do penance. This disturbed Johnny for a while but he forgot all about his parent's infliction of punishment when he found a cigarette and some matches in a pocket of his father's dress suit, which was hanging in the closet. The firemen put out the blaze after damage aggregating \$400 had been done. Johnny said the cigarette didn't make him sick a bit.

ESTIMATED PRODUCTION

Of Articles Included in Sundries Schedule Exceeds Two Billions.

LARGE AMOUNT WAS EXPORTED.

Revenue From This Schedule Has Dropped Over Two Millions.

Washington, Jan. 29.—A variety of articles, ranging from sunshades to human hair and from aligrettes to bituminous coal, all going to make up a total customs revenue of \$26,931,960 last year and constituting part of an estimated annual consumption of \$2,746,000,000, were at issue in the hearing today before the house committee on ways and means. They comprised the "sundries" schedule of the Payne-Aldrich tariff law, the fourteenth and last schedule of that act.

The average ad valorem rate in the schedule now is almost 25 per cent, and the aggregate of the articles make up almost nine per cent of the total tariff revenue. The estimated production of all these articles in the United States on January 1 was \$2,640,000,000 and \$173,479,256 worth as exported in 1911.

The revenue from the sundry schedule has dropped more than \$2,000,000 a year during the last two years, though above the records for many of the previous years.

The Britton T. and S. P. Day Company, Cleveland, increase \$100,000 to \$150,000.

The Deutscher-Familien Bund, Cincinnati, Louis Fambry and others.

The South Webster Face Brick Company, South Webster, increase \$50,000 to \$100,000.

The Ohio Bedding Manufacturers' Association, Columbus, N. K. Bellow and others.

The Root Oil Company, Pleasantville, \$50,000, Elmer Hupp, A. V. Lerch, J. A. Keller.

The Tri-State Land Company, Toledo, \$25,000, George Watkins, F. T. Betts, R. T. Betts.

THE WEATHER.

Columbus, O., Jan. 29.—Forecast

Warmer Thursday, local rains or

Governor Cox in his message de-
clared for the consolidation of the
different departments of agriculture
as to get co-ordination and to put
an end to the jealousies that now
exist between the heads of the dif-
ferent departments engaged in this
line of work.

At a conference participated in by
Senator Cunningham, chairman of
the senate committee on agriculture,
and Representative Black, chairman
of the house committee, it developed
that there are 32 members of state
boards that have to do with agricul-
tural activities.

Examining the budgets of the dif-
ferent departments that have been
presented to the general assembly,
further evidence can be found of the
necessity for the merger.

The state board of agriculture
wants an appropriation of \$252,340;
the experiment station \$432,500,
and the college for agriculture for
extension work alone \$50,000. The
state board wants \$7,000 and the ex-
periment station \$25,000 for horti-
cultural work; the state board seeks
\$3,000 and the experiment station
\$4,000 for the same kind of work
in the study of grains; the state
board wants \$3,000 and the experi-
ment station \$57,300 for dairy and
animal husbandry.

The state board wants \$25,000
and the college \$50,000 for agricul-
tural extension work, both covering
practically the same field. An in-
crease in salaries was asked for all
along the line, which means a large
appropriation to provide for all the
departments.

THE NEW FREEDOM.

Woodrow Wilson's article on "The
New Freedom," in this month's
World's Work, is the most impor-
tant document that has ever appear-
ed in the political field. He is a
democratic president and yet he
takes mince-meat of party politics.
He strikes out in an entirely new
direction, leaving all landmarks and
standards behind. He says:

The life of the nation has grown
infinitely varied. It does not center
upon questions of governmental
structure or of the distribution of
governmental powers. It centers
upon the very structure and opera-
tion of society itself, of which gov-
ernment is only an instrument.

That declaration does away with
all the doctrines that primarily
divided the two parties. Those
artificial arose and fought all their
strifes upon lines presented by these
doctrines. The rights of the states
and the power of the general gov-
ernment, which gave rise or promi-
sance to every great issue over
which the people fought for a cen-
tury are eliminated from the con-
roversy of today, and this demo-
cratic president proposes an issue

**Rheumatic Blood

Wonderful Specific for Sci-
atica, Lumbago, and a
Cure for Dreaded Ar-

tism.

There is a great deal of talk about
rheumatism, but few people know
what it is or how to cure it. It is
not a disease of the joints, as is
commonly supposed, but a disease
of the blood. It is a condition
which may be cured by the use of
a powerful blood purifier. The
cure is simple and can be made
at home. It is a matter of
time and patience. The cure is
not a matter of days, but of
weeks. It is a matter of
months. It is a matter of
years. It is a matter of
lifelong health.

that recognizes no political lines
whatever.
It is a phenomenon in history, and
it is calculated to start a new era
in our national progress, especially if
the man who declares it is faithful
to his utterance. In the evolution
of our industrial forces, men have
lost their individuality; a new rela-
tionship has appeared with employer
on one side and employee on the
other; and this has destroyed that
personal responsibility which holds
society together. Consequently so-
ciety is in great danger of falling
apart.

Mr. Wilson's idea is that the su-
preme duty is to keep it together
to bridge or fill up the wide chasm
that keeps it apart, by restoring
personality and its associate respon-
sibility. Here is the problem of
government—to make the public in-
terest the private interest of all, and
the private interest the public in-
terest. And so this creation of the
government, the corporation, shall
be so modified as to conform to the
hopes, the aspirations, the virtues of
all within its employ. Here are the
coming president's own words:
"Now this is nothing short of a new
social age, a new era of human re-
lationships, a new stage setting for
the drama of life." The political
question is, which party will do this
work the best?—Ohio State Journal.

THERE'S A REASON.

The Washington correspondent of
the Chicago Tribune gives voice to
the following dolorous wail:

"Washington society, which
has viewed with some apprehen-
sion the 'simplicity' ideas of
President-elect and Mrs. Wil-
son, was further disconcerted
today by the news that Vice
President-elect and Mrs. Thom-
as Riley Marshall have selected
a suite at one of the local hotels
for their four years' residence
at Washington.

"Furthermore, it is said,
Mrs. Marshall intends to dis-
pense with the services of a so-
cial secretary and will confine
her social activities to such
events as the exigencies of her
official position make impera-
tive.

"During her four years' resi-
dence at Washington as the
mistress of the vice presidential
home Mrs. Fairbanks' constant
succession of brilliant enter-
tainments made a record even
in the Roosevelt regime which
was famous for the number and
distinction of its official and un-
official fetes.

"The Fairbankses, who dur-
ing their senatorial career had
maintained a very handsome
home, after the election of 1904
immediately preempted more
commodious quarters. Until
the coming of the ambassador
of Russia and Mme. Pakhomie-
tich no hostess in Washington
felt competent to maintain the
residence vacated by them.
"Mrs. Sherman, who also was

thoroughly in touch with Wash-
ington by reason of the late
Mr. Sherman's long service in
the house, followed the hospita-
ble example set by her prede-
cessor, and no more generous
hosts were to be met within
Washington's official circle than
the late vice president and his
wife."
To which the Fort Wayne News,
a Republican newspaper, but at the
same time loyal to an honest Indiana
office holder, promptly responds:

"It is really too bad that the
Marshalls will not be the happy
entertainers that Fairbankses
and Shermans proved them-
selves, but there is a very ex-
cellent reason that will appeal
to and thoroughly satisfy all
good Americans. The Mar-
shalls simply can't afford it.
Mr. Fairbanks and Mr. Sherman
were both wealthy men and
their circumstances permitted
their wives to indulge in the
social life of the national cap-
ital and become leaders in it. It
required plenty of money, but
they had plenty and they did
not begrudge it. No one found
fault and many there were who
enjoyed their splendid hospital-
ity. But Mr. Marshall is a poor
man. His salary will hardly
defray his expenses living in a
modest suite of rooms at a ho-
tel, and it is simply out of the
question for him to consider
maintaining a house in Wash-
ington city. Yet no one will
think the worse of him for his
failure to be an entertainer.
Washington, city is philosphi-
cal, and while rich officials are
expected to 'cut their belts'
and provide hospitality, those
who are not rich are not re-
quired to splurge. The situa-
tion is understood and respect-
ed. The Marshalls will manage
to enjoy themselves in their
own way and will no doubt be
esteemed by all with whom they
come in contact. Washington
is a pretty good American city
in spite of its cosmopolitan life,
and the exactions of foreign
capitals do not there obtain."

Cut the High Cost of Living.
W. H. Chapman, Winnebago, Neb.,
tells how he did it. "My two chil-
dren had a very bad cough and the
doctor's medicines did them no good.
I got a bottle of Foley's Honey
and Tar Compound, and before it was
all used the children were free and
cured of their cough. I saved a doc-
tor's bill for one \$20 bottle of Fo-
ley's Honey and Tar Compound."
No opiates. M. M. Keltner.

Doan's Kidney Pills are made for
kidneys only.
Are endorsed by Lima people.
Mrs. Ellizabeth Lipsett, 456 N.
Ellizabeth street, Lima, Ohio, says:
"For many years I suffered from
kidney complaint. I had pains
across the small of my back which
made me miserable. I tried easily,
felt languid and was also very ner-
vous. I was also subject to dizzy
spells and headaches, and black
specks floated before me. A relative
induced me to try Doan's Kid-
ney Pills, and they released me al-
most instantly. On several oc-
casions since then, I have taken this
remedy with excellent results. I can
recommend Doan's Kidney Pills

BUT A FEW DAYS AND HE LEAVES AGAIN
For New Field of Labor in
Bring Souls to Jesus
Christ.

Rev. E. M. Counsellor, formerly
pastor of the High Street United
Brethren church, but who resigned
to take up evangelistic work, has re-
turned to Lima for a short rest and
is at his home, 311 north Jameson
avenue. Sunday evening he closed
a successful series of meetings of
three weeks at the Pleasant Grove
United Brethren church, west of
Rockford, Ohio. As a result of his
labors, there were twenty-five con-
versions and the membership of the
church was increased largely.

At the Zion United Brethren
church near Ohio City, Sunday
evening, Rev. Mr. Counsellor will be-
gin a series of evangelistic services.
In this field of labor, he is meeting
with more than the ordinary amount
of success.

Rev. Mr. Counsellor went to Van
Wert today, where, at the district
Sunday school and seminary con-
vention, he spoke upon the subject,
"How to Bring Three Thousand
Sunday School Scholars to Christ?"

Here is a remedy that will cure

Has Been Measured
for a Cabinet Chair.

(Copyright by Harris & Ewing.)
It is quite certain that William F.
McCoombs, who managed Wilson's
campaign, will have his initials cut
into a cabinet portfolio. Prior to
Election Day, when the Democratic
headquarters were swamped with
work, McCoombs did not watch the
clock or insist on a full hour at
lunch time. He has been an inde-
fatigable worker for his party, and
it is said that he is willing to accept
a cabinet position, although he
would be obliged to make a great
personal sacrifice to do so.

covers laid for each guest. The
"pie" supported a true lovers' knot
of flowers. Before the last course
of the dinner was served, the rib-
bons were pulled and at the end of
each, were miniature suit-cases,
filled with rice and candied hearts,
and to the handles of which were
small hearts, tied with dainty rib-
bons. These small hearts told the
story, for there were the initials of
both Miss Kerr and Mr. Hyter.

The place cards were miniature
ladies, holding in their tiny hands
little hearts. The nut baskets were
red and white. Each cover of the
young ladies was marked by a cor-
sage bouquet, of lilies of the valley
and white roses, interwoven with
a trace of feathery fern. Small bou-
quets of lilies of the valley and ferns
were favors for the gentlemen. A
delicious menu of five courses was
served. Misses Margaret Scalls and
Imogene Shook assisted in serving
the dinner.

Miss Kerr was born and reared in
Lima. She was graduated from the
Lima high school and also attended
St. Mary's of the Woods, five miles
out of Terre Haute, Ind., finishing in
a two years' term at the Oxford
College for Women. She is a gifted
vocalist and her clever ability as an
entertainer and her gracious hospi-
tality extends beyond the precincts
of Lima.

Mr. Hyter is the son of Mr. and
Mrs. Charles E. Hyter, of Bradner,
Ohio. He was graduated from the
Bradner high school and from the
University of South Carolina. He
served as sergeant in the United
States army for a period of three
and one-half years. About a year
ago he came to Lima and has been
residing with his sister, Mrs. Merle
L. Mericle, of south Pierce street.

With Mr. Mericle he is identified
in business, being in charge of the
Lima Flour and Feed company. Mr.
Hyter's business interests will de-
tain him in Lima and this precludes
the possibility of a trip, at this time.
The residence to be occupied by
Mr. Hyter and his bride is being ar-
ranged for their occupancy and here
they will receive their friends at a
time not far distant from the mar-
riage ceremony.

BUZZ WAGONS FOR BIG RACE

TOUT JOE DAWSON
TO DO THE DRIVING.

Hoosier Auto Makers Will
Fight for Honors at the
Speedway Event.

Indianapolis, Ind., Jan. 29.—
There is a buzz of excitement in au-
tomobile racing circles here, the
rumor being current that Ray Har-
roun, who, driving a Marmon car,
won the first annual 500-mile In-
ternational Sweepstakes race at the
Indianapolis Motor Speedway, in
1911, is superintending the construc-
tion of another Marmon which will
be entered in the 500-mile classic to
be staged at the Speedway, Memorial
Day. So far, officials of the Marmon
Company have not confirmed the
rumor, but those who claim to be on
the inside assert that mysterious
events are transpiring at the Mar-
mon factory. Ray Harroun's racing
car room at the factory is said to
have been closed to everybody, and
this is generally accepted as mean-
ing that the Marmon company is
planning a surprise which will be of
great interest to followers of the
racing game.

Ever since Harroun won the big
even in 1911, with his "Marmon
Wasp," enthusiasts have wanted to
see a car of the same make in action
again, and if present reports are
true, their ambition will be gratified
on May 30. The entrance of a Mar-
mon will add special interest to the
race since a previous winner will
then be matched against the other
cars entered. There is also a keen
rivalry between the various Indiana
manufacturers and the entrance of
another Indiana car, in addition to
the Stutz cars and the Nyberg cars
already listed, will give Hoosier mo-
torists an opportunity to see what
native cars can do. It is highly prob-
able that other Indiana-made speed
chairs will be tuned up and ready
to start in the long grind on Mem-
orial Day.

Gossip is now concerning itself
with the question of driver who will
steer the Marmon provided it is en-
tered this year. This is just as
much of a mystery as is the little
drama which is being staged behind
closed doors at the Marmon factory.
It has been whispered, however, that
Joe Dawson, the daring young pilot
who drove a National to victory in
the race last year, will be at the
wheel.

It is probable that many private
owners will enter cars in the big
race this year. Inquiries from many
sources are coming into the office of
the Indianapolis Motor Speedway.
The rule reducing the piston dis-
placement from 600 to 450 cubic
inches has made it possible for more
private owners to enter cars this
year than heretofore. The latest in-
quiry along this line has been re-
ceived from H. P. Woodworth, of
the Alma Manufacturing Company,
of Alma, Michigan. This company is
well known for its trucks and it
has made a few pleasure cars, but
it is the intention of Mr. Wood-
worth to enter a car as an individual,
rather than as a representative of
the company.

He states that he is building a six-
cylinder car with a two-cycle en-
gine and having 457 cubic inches
piston displacement. He has been
assured that the specifications of his
car are quite within the limitations
which govern the race this year,
and that his entry would be wel-
comed.

Another interesting bit of infor-
mation, which emanates from the
New York Automobile Show, is that
Bob Burman, the "Speed King," has
entered into negotiations with the
Keeton Company, for a car which he
hopes to drive in the third annual
500-mile International Sweepstakes
race at Indianapolis. Burman went
to New York from San Diego, Cal-
ifornia, in order to find a car to drive
in the Indianapolis race, and is said
to have taken a great fancy to the
Keeton car. However, the absence
of Mr. Keeton, president of the
company, has prevented a consum-
mation of the deal, but it is not im-
probable that an agreement will
be reached. The regular stock car is
fitted by necessity, with an 80-mile
speedometer.

Burman says he will drive the car
providing the company allows him
to enter the factory and superintend
the construction of the car and the
assembling of his motor. He believes
that by careful tuning he will be
able to reach a speed of 80 miles an
hour.

THE WOMAN'S BRIGADE

A Story of A. D. 1946
By SUSAN YOUNG PORTER

During the first and second decades
of the twentieth century the women
of England and America determined to
wrest the vote for themselves from self-
ish men. The principal argument used
against them was: "If you are citizens
in one respect you must be citizens in
all respects. If you are voters you
must be soldiers."

The women triumphed. But their
securing the vote brought about that
which in the beginning they had not
intended. Having proved their cour-
age and endurance, they were forced
to do military service. The more deli-
cate women could not be induced to go
to the polls. This gave the men a ma-
jority, and an act was passed by con-
gress requiring military service from
women as well as men.

To the surprise of every one, they
sprang forward with alacrity. That
aggressive spirit which had led many
of them to smash windows led them to
enlist, and the woman's brigade of the
United States army was organized and
placed under the command of women
officers. The corps had hardly been
completed when the anarchic condition
of Mexico rendered intervention neces-
sary, and the Mexican war of 1846
was repeated. The woman's brigade
was sent with other troops by sea to
Vera Cruz and began a rapid march
toward the capital.

Almost on the exact ground on which
was fought a century before the battle
of Buena Vista another fight occurred
between the Mexicans and Americans,
in which the women took a conspicu-
ous part. But, unfortunately for Gen-
eral Pollywottle, the American com-
mander, it was his first fight with such
an auxiliary, and he was utterly igno-
rant of certain provisions he should
have made to guard against contingen-
cies to which they were liable.

In this respect the Mexican com-
mander, Antonio Rodriguez Bustam-
ento, proved greatly the American's
superior. The Mexicans were drawn
up in line of battle to resist the ad-
vance of the Americans, who hurled
themselves against their enemy with
great vigor. The woman's brigade, be-
ing a part of the reserve, stood under
arms, impatiently waiting to be led
forward. Colonel Amanda Patterson
of the First regiment sat her horse su-
perbly, resplendent in a uniform cut
and decorated in a fashion that excited
the admiration and envy of the whole
corps. Major Mildred Fortescue rode
over to Colonel Patterson to ask her
who was her tailor. Colonel Patterson
refused to give the information. This
led to hot words between the two, in
which many of their subordinates joined,
and before long their shrill words
could be heard above the ringing bul-
lets and shrieking shells.

"For heaven's sake," roared the
American commander to an aid. "See
those women into the fight! Our men
can't hear the orders for the din they
make, and there'll be a panic. Order
their general to lead them against the
enemy's left flank and turn it if pos-
sible. Should they succeed the battle
is won."

General Angelina De Lancy, a young
commander of whom much was ex-
pected, as soon as she received the or-
der, drawing her sword, swung it over
her head. Unfortunately she severed
two ostrich feathers worth a hundred
dollars each, and so unnerved was she
that valuable time was lost. When
she recovered from the loss of her
treasures she directed her bugler to
sound the advance.

Now, General Bustamento, as I have
said, had great experience with wo-
men, having been married seven times,
which is once more than King Henry
VIII., and had prepared an expedient
for them, which, on seeing their line
move forward, he put into operation.

"What is that the enemy are doing
from those mortars?" asked the Ameri-
can commander, raising his glass.
"They look like paper shells," re-
marked his chief of staff.

Great wads of paper rose in the air
and, breaking apart, were scattered on
the ground over which the woman's
brigade was passing. Here and there
a soldier in the ranks picked up one
and became absorbed in reading some-
thing printed and looking at pictures
on it.

"Great heavens!" cried General Pol-
lywottle, "they are stopping to pick up
the papers. The advance is delayed.
Precious time is being lost."
Presently an officer from the wo-
man's brigade was seen riding full gal-
lop toward the commander in chief.
When she came up she saluted and
said:

"General De Lancy directs me to re-
port that the enemy have fired a vol-
ley of fashion plates with descriptive ar-
ticles among the troops. This has check-
ed the advance and she is unable to
induce them to advance farther. They
are poring over the papers and are
insensible even to danger. General
De Lancy respectfully suggests that
you send another force to turn the
enemy's flank."

Words that sounded like a volley
from a rattling gun left the general's
lips. There were no other troops to
send in place of the woman's brigade,
and General Bustamento, seeing his ad-
vantage, sounded a general advance.
The battle was lost. Within ten min-
utes the American army was in full
retreat. The Mexicans passed the wo-
man's brigade, still intent on the fash-
ion plates and cut them off.

The corps became disorganized, many
of the soldiers marrying Mexicans.

EMPLOYERS ARE IN CONFERENCE.

Columbus, O., Jan. 29.—Represent-
atives of two employers' organiza-
tions—the Contractors' Association
and the Painting and Masonry Asso-
ciation—of Cleveland, were here to-
day and held a conference with Gov-
ernor Cox relative to the Green com-
pulsory compensation bill. Strenu-
ous objections were expressed
against the bill and the governor
was urged to use his influence
against its becoming a law.

Tomorrow a committee of Spring-
field manufacturers are expected to
confer with the governor regarding
the bill. They already have arranged
for a hearing.

At the governor's office today it
was said that many protests against
the Green compulsory bill are being

received from manufacturers and
employers of labor from all parts of
the state.

Austrian Wrestler Fails to Throw Bothner.

Although Henry Irslinger holds
the Lord Lonsdale belt, which is as
heavy as a horse collar with gold
and silver ornaments and is emblem-
atic of the middleweight wrestling
championship of Europe, he failed
dismally in his efforts to grind
George Bothner, the peerless Amer-
ican, into the canvas. Irslinger by
the terms of the match which was
held in New York recently was to
throw Bothner three times within
an hour. Instead of carrying this
nifty idea to a finish, he came near
losing all of his laurels to Bothner,
who had the Austrian's shoulders al-
most to the mat four times. In the
last five minutes of the match, Both-
ner opened up a big box of tricks,
and when the final gong rang Irslin-
ger was very glad that school had let
out, and it was time to go home.

Irslinger has enjoyed a rapid rise
to the topmost position in his class
abroad. He is twenty-four years
old, is five feet eight inches in
height, and weighs 161 pounds, al-
though when necessary he can do
the middleweight limit. He began
wrestling six years ago as an am-
ateur and disposed of all the cham-
pions in his home country, France
and Germany. He won the big inter-
national amateur title in London in
1906, and a year later entered the
professional ranks. As a pro he had
never been near defeat until he met
Bothner. The wonderful American
grappler is well past the age when
champions slip into the discard, and
has practically retired from wrest-
ling, but came out of his shell long
enough to show the breezy Austrian
that wrestling is not all beer and
skittles.

Observing a passenger with the un-
lighted butt of a cigar in his fingers,
the street car conductor requested him
to put it out.
"It is out, you chump," responded
the passenger.
"Pardon me," resumed the conductor.

The condition to which I had reference
was not one of mere temporary non-
combustion, but of elimination, the
eradication, I might say, of the phys-
ical presence of your nicotine laden re-
mant, this process followed necessarily
by cessation of the odor now permeat-
ing an atmosphere already somewhat
deficient, I fear, in the essential ele-
ment of ozone. I'm a humble conduct-
or, and my aim is to please; but, you
big porcine stuff, you throw that cigar
through the door or I'll throw you and
it both. See?"
"Excuse me, professor," replied the
passenger meekly, and the incident
was closed.—Philadelphia Ledger.

A WORLD MYSTERY

Early Civilization of the Twin
Continents of America.

THE SECRET OF THE PACIFIC.

A Riddle Still Unsolved is the Origin
of the Ancient Toltecs, Aztecs, Mayas
and Incas—The Enigma That Lurks
in Their Ruined Monuments.

"The Secret of the Pacific" is the
title of a book which deals with one
of the great mysteries of the world—
the origin of the aborigines of the Amer-
icas. The author—C. Reginald Knock,
F. R. G. S.—answers his own ques-
tion, "What do we mean by the secret
of the Pacific?" thus:
"Set between the world's mightiest
oceans, the Pacific and the Atlantic,
lies that greatest of all islands, the
twin continents of America. A great
mystery still shrouds these twin con-
tinents, a riddle still unred, for whose
solution the world may be said to have
waited 400 years. What is this mys-
tery?"
"History will have us believe that
until the end of the fifteenth century
these great seas had roared defiant, un-
crossed by man, with the exception,
grudgingly admitted, of some shadowy
northmen from Europe, and that these
great continents have been unvisited
ever since the world began. Yet scat-
tered for thousands of miles through-
out the forests and deserts of these
twin continents are the remains of civ-
ilized empires which once flourished
there—the ruined temples, palaces,
pyramids and habitations of peoples
and nations who rose, fell and rose
again ages before the caravels of the
vikings and the conquistadores turned
their prow toward the setting sun.

"What I have ventured to term the
secret of the Pacific is the mystery sur-
rounding the ancient civilization of the
Americas, the homes of the Toltecs,
the Aztecs, the Mayas, the Incas and
their predecessors. What was their
origin? What was their connection
with each other? Had they any link
with the old world? Did they in old-
en times draw inspiration and knowl-
edge from Asia, Egypt, Babylon? If
not, and they sprang unaided from
their own soil and created their own
culture, what are or were the condi-
tions of their independent develop-
ment?"
"It has been my lot to traverse, at
least in part, those great regions of
North and South America forming the
western world which we have erro-
neously termed 'new'—the ancient
world of America before Columbus.
My travels have taken me upon the
trails of Cortes and Pizarro, trails
which in some cases are almost as re-
mote and difficult today as they were
when first traversed by the white man
from Europe and the horse first ascend-
ed the Andes.

"But to these journeyings we must
add other incursions through space
and time, both real and conjectural,
which will take us from Mexico to
Egypt, from Peru to Babylon, from the
American shores to the strange islands
of Polynesia. From those broad re-
gions where the Toltec, the Aztec and
the Inca flourished we must seek to
gather up those threads which some
have conjectured lead to Asia.

"What are the monuments left by
these ancient peoples, and what are
the evidences of their civilizations? For
4,000 miles or more they lie upon
the western American horizon and Cor-
dilleras and seem to extend in isolated
patches across the Pacific ocean in a
northwest path to Asia, like vast step-
ping stones between the old world and
the new. In the rock ravines and
scorching mesas of Arizona and Cali-
fornia, wildernesses whose trails were
first mapped out by the bones of hardy
explorers, are the abandoned habita-
tions of the cliff dwellers.

"On the high slopes and tablelands
of Mexico are strange pyramids and
mysterious courts and quadrangles,
with carved stone halls about them, a
puzzle to the beholder. In the dense
tropic forests of Yucatan are the sculp-
tured facades of palaces and pyramid
temples of exceeding beauty and in-
geniously, ruined and abandoned or sur-
rounded here and there by the wattle
huts of half savage Indians.

"In Central America sculptured
stelae of great beauty and peculiarity
protrude strangely from the jungle,
while far away, below the equator,
along the scorching coast line of Peru
and amid the bleak tablelands and
snow crowned ranges of the Andes,
are cunningly wrought temples and im-
penetrable fortresses which could only
have been fashioned under the map
dates of ruthless new world pharaohs
or devout American Solomons.

"In the Mexican deserts and by the
waters of the mysterious Lake Titlica
ca of the lucas the sun god and the
moon god held sway, and centuries ago
unnumbered ancient worshippers raised
great temples to the 'unknown God.'

"Deepening the mystery still, there
arise strange and grim upon solitary
sea girt Pacific islands in the track of
the setting sun colossal images and
fortresses whose origin no man can
conjecture. Here, in brief, are the
chapters, written in stone, of some
great and perhaps universal history—a
history which so far we have not been
able to inscribe in the general plan of
human record. This, then, is the se-
cret of the Pacific."

He is not only idle who does nothing,

ployed.—Socrates.

GORDON'S BLUNDER.

Grave Tactical Mistake of a Budding
English General.

When General Gordon was a lad at
school he was as mischievous as most
boys. When the boys had done any-
thing wrong they were shut up in a
large, barely furnished room and set
to write lines from a Latin author.

Gordon was one of the most fre-
quent prisoners in this room, and he
used to be annoyed by the boys who
were free coming to the door and jeer-
ing at him through the keyhole. Re-
solving to get even, he procured a
large syringe, and, taking it with him
the next time he went to write lines,
he went round to the various desks
and sucked up the ink into the syringe.

By and by he heard stealthy foot-
steps coming down the passage. Near-
er and nearer they came and at last
halted outside the door. "They are
peeping through the keyhole," whis-
pered the future general, and, placing the
syringe to the keyhole, he squirted the
contents through with all the energy
he could muster.

There was a smothered exclamation
of disgust, and then some one fumbled
with the handle of the door. It opened,
and in stalked the head master, his
face black with wrath and his once
snowy shirt front black with ink. We
must draw a veil over the painful
scene which followed.—London Globe

Education, Information, Entertainment, Interest

"Almanac" is accepted as a short, descriptive word that means
everything set forth in the line above.

OHIO ALMANAC means education, information, entertainment
and interest, with "Ohio" ever in the forefront.

This Ohio Almanac should not be classed with patent medicine
booklets often called "Almanacs." This Almanac of ours is away ahead
of anything ever attempted in the Almanac line, except perhaps the
World Almanac—and our Almanac covers Ohio thoroughly and in detail
while the World Almanac is of general interest.

Our Ohio Almanac prints more than 100,000 facts about the Buck-
eye State. It is educational and informing, but does not get away from
being interesting and entertaining. You will find something of inter-
est on every one of the 320 pages of this wonderful handbook.

State Librarian Newman says it is "great."

Secretary Galbreath, of the last Constitutional Convention, declares
it to be the best thing of its kind ever put between covers.

President Dittey of the Ohio Tax Commission says it is an authority.

Secretary Opha Moore, of the Ohio Manufacturers' Association,
pronounces it to be "unequaled for interesting information."

Secretary Stacey Rankin, of the State Bankers' Association, says it
ought to be in the hands of every business man.

The Ohio Journal of Commerce commends the Almanac because
"if there is anything about Ohio not in this Almanac we have failed to
find it."

The Ohio Teacher, the leading educational periodical in the State,
says every school teacher should have one.

"Watchword," a religious publication, says everyone "who wants to
be familiar with Ohio" should have a copy.

We will add that every man, woman and school pupil should have
a copy. We know if you will examine it you will buy—and if you're
not pleased after you make the purchase we'll refund your money.

We have already sold hundreds of copies of the Almanac and we
have yet to hear of a complaint.

Get your copy now. We are sure you will take advantage of our
bargain offer after you look over the columns below which give a hint

DISCUSSION OF SALARIES

Formed Chief Topic at the Meeting of the Board of Education.

SPRING VACATION
DISPENSED WITH.

Last Friday of Each Month
Designated as Pay Day
for Teachers.

Considerable time was devoted at last night's meeting of the board of education to the discussion of salaries for teachers and janitors, and it was quite evident that the board favors a carrying out of the raise in salary schedule which was abandoned when the Smith one per cent law went into effect just as soon as provisions can be made for securing additional funds for the public schools.

Superintendent Davison explained at length the measures which are being taken by the school officials, and both teachers and pupils, especially

over the state to have the legislature at its present session provide means for more money for the public schools system.

The head of the Lima schools took issue with the ideas expressed by Governor Harmon in his last message to the legislature, in which he held that the management of the public schools was characterized by a reckless waste of money. Superintendent Davison explained several causes which necessitated the increase in the cost of operation of the schools, none of which could be attributed to poor and inefficient management.

The discussion was provoked by the plea of Janitor Bessler of the Franklin building to be relieved of a part of his duties at the building, which he claimed were too great. While no definite action was taken by the board, it was plain to be seen that his complaint will receive attention at the hands of the teachers and salaries committee, to which it was referred.

Superintendent Davison bemoaned the fact that a janitor of the schools should receive greater pay than any principal in the schools of the city. His opposition was not directed at the salaries of the janitors, but rather to the necessity of the board caring for the more valuable adjuncts of the educational system and making the pay more equitable.

No Spring Vacation.

Superintendent Davison submitted an oral report to the board, the principal recommendation in which was that the board should authorize him to dispense with the spring vacation this year. He argued that it would be a distinct advantage to the school officials, both teachers and pupils, especially

In view of the fact that there was a two weeks' vacation during the Christmas holidays.

Should the weeks vacation be allowed at Easter time, the Lima schools would not complete the full term until June 20th, which the superintendent claimed was too late for closing time, as a large number of teachers were contemplating going to summer school this year. He also claimed that the vacation had a tendency to disorganize the work of the schools, and that it was always two weeks before the schools were in good running order again.

The board voted unanimously to act favorably upon his recommendation, and as a result, there will be no spring vacation this year. The departure from the long standing custom is not a permanent one, however, and there is a probability that a spring vacation will be allowed next year.

Friday is Pay Day.

Another recommendation of the superintendent that was approved was the payment of teachers on the last Friday of the month until the close of the year. This was done to avoid fractional pay rolls, and accommodate those teachers who had use for the money at the last of the month. The next payday will be Friday of this week, when the teachers will be paid for the four weeks during January.

The superintendent was also authorized to store a quantity of excellent pine lumber taken out of the college building for the use of the manual training class, and replace it with lumber of a cheaper material.

Bills Allowed.

The regular monthly bills were approved by the finance committee and allowed by the board. Chief among these were the payment of an estimate of \$895 to Theodore Scheidt for plumbing at the College building; Lima Natural Gas Co., \$490 for fuel; \$365 to Crystal Ice and Coal company for coal, and a \$50 premium for insurance on the boiler in the high school building. A few of the members were in favor of allowing this insurance to lapse, but it was finally voted to continue it.

Insurance Policies.

Insurance policies of various school buildings aggregating \$9,000 were accepted. Of this amount, \$3000 is on the south Pine street building, \$4000 on the north Jefferson building, and \$2000 on the McKinley building. The board is enforcing a recent rule that no agent be allowed over \$10,000 insurance, and it was necessary to transfer two policies from one agency to another to carry this into effect.

One company, represented by O'Connor Brothers, notified the board that it had cancelled the insurance carried with it on the McKinley building, giving as a reason that the building was not amply insured. Another company, also represented by O'Connor Brothers, assumed the risk.

The board granted the use of the high school auditorium to the Allen County Medical society for its meeting on February 13th, which meeting will be devoted to a discussion of the handiwork under which school children work because of the failure to observe the laws of school hygiene. The members of the board, teachers, and parents are cordially invited to attend this meeting.

The bond of \$500 of Clerk G. W. Munis, issued by a surety company, was approved. All members of the board were present.

CLOTHING CO.
Public Square,

An Evening Wrap of Humble Cotton.

This is assuredly the reign of King Cotton. The shops are blossoming with the fair-fine and expensive new fabrics, all woven from cotton threads. This formal evening wrap is an example of what may be done with the new cloth. It is of cotton mull-weave and dull golden tan in color, the lining being of golden satin. There are thirteen huge buttons of dull gold cord, with cord loops along the lapped in front of the wrap, and each of the thirteen must be fastened before the wrap is properly adjusted.

A collar of dull gold lace finishes the neck of the wrap, and there are more big, dull gold buttons on the cuffs. Most of the new evening wraps are short enough to reveal the flowing draperies of the skirt, and the model shown is no exception, as it is cut to display the draped dinner gown.

DEADLOCKS PRECLUDED

In Decisions by the Supreme
Court Under the New
Regime.

ATTORNEY GENERAL
PREPARING A BILL

That Will Provide for the
Selection of Chief
Justice.

Columbus, O., Jan. 29.—At the request of Governor Cox, Attorney General Hogan is preparing a bill to provide for the selection of a chief justice of the supreme court of Ohio, in fulfillment of the requirement of the new constitution.

This new official will be the head of the judicial system of the state as comprised of the supreme court, appellate and common pleas courts, and will exercise jurisdiction over these tribunals.

The chief justice will be elected for a term of six years. The bill will provide that he shall be elected at the November election in 1914, the first to be held, and that the governor shall fill the place by appointment until that time.

It is expected that Governor Cox will appoint a chief justice soon after the enactment of the law providing for this. This should take place within a short time. As the constitution requires it, the legislature will not likely lose time in passing the bill.

The new chief justice will succeed John Shuck as the presiding officer, the latter having, by rotation, become chief justice with the beginning of the year.

The creation of a chief justice will mean the membership of the supreme court to seven judges and will mean deadlocks over decisions impossible.

THIRD TIME IN ONE WEEK

That the Price of Eastern
Crude Has Been Advanced.

GREAT EXCITEMENT
AMONG PRODUCERS

Over Advance, Which Puts
Price Higher Than for
Eighteen Years.

Pittsburgh, Pa., Jan. 29.—The third advance in the price of crude oil this week was announced by the South Penna Oil Company today, Pennsylvania crude being placed at \$2.26, the highest price it has commanded since 1895. Other prices are:

Mercer Black, New Castle and Corning \$1.79; Cabell \$1.86; Somerset \$1.32 and Ragland 70 cents.

The new prices have caused the greatest excitement among the producing companies and it is predicted that the next few months will witness a return to the old time activity in the oil fields of western Pennsylvania, eastern Ohio and West Virginia.

Independence, Kas., Jan. 29.—The price of crude oil here was today advanced 2 cents a barrel by the Prairie Oil and Gas Company.

SALOON MEN WERE FINED

Over \$500 in Fines Assessed
by Mayor Shook Yesterday Afternoon.

HULLINGER IS IN CITY JAIL

Bartender Unable to Make
Good Amount of Fine
and Costs.

Over \$500 in fines and costs were assessed against the four saloon-keepers tried in police court yesterday afternoon on charges of Sunday violation. Two of the four men pleaded guilty to the charge, and paid up in full. Another paid up in full after he was convicted, while the fourth was committed to the city jail in default of payment.

George Saxby, the south Main street saloonist, paid \$104.45 as his portion for keeping open on Sunday. Saxby had determined to fight the case, but when he saw the array of witnesses against him, gave up the fight.

Charles Spyker, son of Milton Spyker, the east Market street saloonist, also pleaded guilty, and was fined \$100 and costs, which his father paid. He is employed at the Gramm Motor Company.

Charles Hullinger, bartender for H. Jandeleit, of 205 south Main street, was convicted of the two charges of selling liquor on Sunday and keeping open house. He was fined \$200 and costs by the mayor, and in default of payment, was committed to the city workhouse. He made a motion for a new trial which was overruled. Hullinger's bill amounts to over \$215.

Patrick O'Connell, the south Main street saloonist, who pleaded not guilty to the charge of Sunday selling, was convicted yesterday afternoon, and fined \$100 and costs. He paid up before leaving the station.

Frank Heffner, the newly appointed patrolman, was the chief witness for the prosecution in all the cases, as it was through his efforts that the evidence was secured. City Solicitor Jackson prosecuted the cases.

WILL CELEBRATE 400TH ANNIVERSARY

San Juan, P. R., Jan. 29.—Cardinal Farley, of New York, a Archbishop Blenk, of New Orleans, will take part here next month in the 400th anniversary of the creation of the first Catholic diocese in the new world. The ceremonies begin February 23 and last four days. The cardinal and the archbishop will be accompanied by Bishop Norris, of Little Rock, Ark., and Bishop Gunn, of Natchez, Miss. Other American prelates have been invited, and many churchmen from other countries including Spain and Cuba, will be present.

The diocese of Porto Rico was created in 1515. Baltimore, the oldest diocese in the continental United States, was created in 1789.

TRIBUTE TO L. H. KIBBY

Board of Directors of the
Y. M. C. A. at Special
Meeting

PRESENTED TOKEN
OF APPRECIATION

To Member of Board Who
Soon Leaves for New
Home.

The board of directors of the Y. M. C. A. met in special session last evening for the special purpose of expressing their appreciation of the work and services of Mr. L. H. Kibby, who leaves soon for California.

It proved to be a meeting of great value, every man was present, and it might be said in passing that every man of the board was present except two who were out of the city, and one other who had a previous engagement that he could not break.

Mr. B. A. Gramm presided and after referring to recent investigations he had made in the association of New York City, he stated the purpose of the meeting was to express due appreciation for the services of Mr. Kibby.

Brief addresses were made by Messrs. R. J. Plate, F. W. Holmes, G. L. Newson, F. A. Burkhardt, L. E. Justus and E. D. Wallace, all of whom have been associated with Mr. Kibby on the board of directors for over a decade.

The main current of thought dominant in all of these remarks was the great loss to the association, and the city, of a man of Mr. Kibby's moral and spiritual worth, that these factors were the really valuable elements in the association work of the city, and that herein lay the compensation for all the labor and anxiety in carrying on the work.

At the close of these addresses, Mr. Eberhart read resolutions and presented on behalf of the board of directors a beautiful scarf pin.

The whole proceeding came as a complete surprise to Mr. Kibby, and in his response he stated that as he reviewed his twenty years of service

as a director, he saw nothing worthy of special mention, and hence felt undeserving of the eulogies received, but he stated that he valued his experience and association with the Y. M. C. A., and that the chief joy of his service had been in connection with the spiritual and moral conservation of young men.

After the meeting adjourned, the men lingered for nearly an hour, discussing various features of the association work; looking towards the future and larger things.

The meeting proved to be one of the best the board has had for years, binding them closer together in the ties of fellowship that are strengthened in the labor of a common service.

Resolutions.

We are gathered here tonight in honor of a man whose life will ever be identified with the work of the Lima Young Men's Christian Association. When this building has become a thing of the past and its walls no longer resound to the life and activities that have marked its history through a generation, the work that this man has done in his efforts to give proper direction as well as inspiration to the young manhood of this city will live on, and we firmly believe that when the roll is called up yonder one of the rewards our good friend L. H. Kibby will receive will be the sight of what his active and silent influence has done in helping young men.

We part with you, dear friend, in keenest regret. We shall miss you through all the days we shall be in this work, and shall not forget you in our further efforts nor at the Throne of Grace. May God's richest blessing go with you and your family and may the consolation come to you more and more as the years go by that you have spent your life in doing good. We want you to have something which will remind you of the band of men with whom you have associated in the old days, and to this end ask you to accept this small token of our love and esteem. May you still inspire and help men in your new environment as you have done.

THE BOARD OF DIRECTORS. The Lima, Ohio, Young Men's Christian Association.

DEAD MAD DOG BY PARCEL POST.

Berkeley, Calif., Jan. 29.—A mad dog in a neatly tied package arrived here by parcel post yesterday. "Mad" it was labeled and so it turned out after the bundle had been examined by Dr. W. A. Sawyer of the state hygiene laboratory.

Although the dog was dead, Postmaster Merrill said the shipment overstepped even the wide bounds of the parcel post regulations. The package was sent from Floriston, Calif., where the dog had been shot,
